Sir,

In acknowledging your letter No.4479/C.B. regarding quarrying stones at Kumara Park, I have the honor to state that the permission granted was for removing odd rocks in the Mango plantation in the front garden which was an advantage to us not only saving cost of doing the work ourselves, but the usual fee of Rs.5/-/- per 100 c.ft. stones was received. The ---- Contractor had inadvertently also started quarrying in the ground to be sold for building sites. He was stopped as soon as I noticed it and long before the Chief Engineer took up this section of the grounds.

2. The Chief Engineer was perfectly aware of the circumstances and had no ground to make the reference in question. I take it that your instructions regarding 'Referring all such questions in future to the Executive Engineer, Bangalore Division does not refer to the garden East of the Railway.
